# My Music Staff

I use My Music Staff software for invoicing, scheduling, and sharing resources. Each student will be able to login and access accounts, communicate with me and see shared resources.

You can sign up for My Music Staff by filling out the registration form on my [Noteworthy Music Studio](#) website.

## **Make-Up Lessons and Refunds**

### **Excused Cancellations**

- Excused absences include illness, death in the family, or inclement weather.
- Students who need to cancel a lesson for one of these reasons should login to My Music Staff and schedule a make-up lesson. If it not possible to reschedule, the money will be applied to a future lesson.
- Text or email if you must cancel your lesson so another student could use that time.
- Scheduling conflicts can be resolved ahead of time by rescheduling the lesson yourself on My Music Staff or contacting the studio to reschedule.

**If a student fails to contact the studio and misses a lesson, the fee will not be refunded or applied to future lessons.**

---

## **Practice Commitment**

**Musicians cannot learn, retain information and improve without consistent practice. Our studio understands that people are very busy and many participate in several activities, however, time must be set aside daily in order to achieve the goals we will set together. Students will be taught effective and efficient practice strategies to insure that learning happens.**
